Resuming Operations in Several Hotels

As we communicated last week, some difficult decisions had to be made due to projected low occupancy levels. Fortunately, we are able to look to brighter days ahead as we begin to resume operations in several of our hotels.

Yesterday we resumed operations at Loews Miami Beach and officially welcomed Loews Kansas City to the Loews family as they opened their doors for the first time. Welcome to our new Team Members!!!

The beautiful front desk of the hotel is shown below. Learn more about the coverage in the Kansas City Star utilizing the following link

Keeping You *in the Know*

Today we resume operations in six of our hotels in Orlando. Loews Portofino Bay will follow later this summer and we look forward to officially opening Universal's Endless Summer Dockside Inn & Suites in the coming weeks.

We round out this first wave of resuming operations with Loews Vanderbilt and Loews Ventana Canyon welcoming guests on Thursday, June 4. And, with even better news, Live! by Loews St. Louis will be back in action on June 10th.

This continues to change and evolve and we will continue to update you as we know additional details.

COVID-19 Disaster Relief Fund Update

As of today, approximately 6,000 applications have been received with over 5,200 Team Members having received disaster relief payments. The Benefits/HR Team is working to obtain financial documentation from those who have not sent their information in order to be approved.
