Your wellbeing is everything.

It deserves the top spot on your daily priority list — because when all is well within you, you can take on anything life throws at you.

That said, how do you put yourself first?

You make one simple choice: Exhale.

A unique blend of fitness and spa, Exhale is the total wellbeing experience you can escape to any time to center your body and mind.

Whether you need to slip into an hour of calm or challenge yourself in a full-body sweat session, Exhale offers the perfect menu to get you recentered, rejuvenated, and reconnected with your best you. Under the guidance of our expert team of teachers and spa therapists, you’ll find exactly what you need to elevate your sense of wellbeing.

Yes, you have a million and one to-dos. 237 unread emails. And an actual laundry list for your laundry.

But first, Exhale.
Grooming  Tailored especially for the active urban man. Ultrasonic cleansing targets ingrown hairs and clogged pores, leaving the face refined and smooth, while skin soothers calm irritation and redness. Relaxation is guaranteed with face, neck, and shoulder massage.

Back  Don’t let your face have all the fun! The back facial provides a complete cleansing for those hard-to-reach spots, combining extractions with brightening exfoliation to leave skin smooth, soft, and more even-toned. Highly recommended for the treatment of acne.

Back + Face  A multi-tasking facial! This therapy begins with an effective exfoliating cleanser on your back to remove dead skin cells, followed by gentle extractions and a soothing massage. Then, our highly skilled estheticians will help you face the day with a deeply cleansing and hydrating facial — utilizing herbal antioxidants and natural nutrients.

Lash Lift  Redefine the way you enhance your lashes. This rejuvenating treatment uses a gentle, keratin-based system that molds your lashes into a curled or lifted style, giving you lasting curl and definition for up to 8 weeks. Bonus: Less time spent on your morning routine so you can be up and at ’em — just like your lashes!

CUSTOMIZED FACIALS
(with technology)

Cool Beam  Enjoy an incredibly relaxing facial therapy as you repair years of skin damage, pain-free. In each Cool Beam session, a healing light is applied to the face, with particular focus on fine lines, sun spots, breakouts, and irritation. The antibacterial light sparks the production of collagen, softening fine lines as it gently reduces inflammation, diminishes acne, and hydrates. Suitable for any age and every skin type!

Ultrasonic  The perfect combo of cleansing and correcting. The ultimate deep-pore cleansing with non-invasive ultrasonic waves make this therapy ideal for even the most sensitive skin types. Dull cells and excess oils are removed, paving the way for clearer and smoother skin. Healing nutrients go deep into the tissue to stimulate skin repair beneficial for both discoloration and scarring.

Lift  It’s time to defy gravity. This uplifting therapy utilizes gentle micro current waves to tone facial muscles, stimulate protein production, and build collagen. Muscle memory is restored, natural contours return, and under-eye puffiness is diminished. Maintain a radiant glow with a series of six monthly facials, or prep for a big event with a single intensive Lift!
CUSTOMIZED FACIALS (with peel)

Brighten Get a gorgeous glow going, courtesy of this fine-line-erasing, dark-spot-removing, total skin booster. The resurfacing mask infuses the face with vitamins and antioxidants, including green tea and fruit extracts. The rejuvenation of the skin is then completed with a soothing, hydrating mask of hyaluronic acid and anti-inflammatory ingredients.

Smart Peel Enliven your complexion with one of three Smart Peel options, selected just for your skin type. Technology-driven and botanically-based, these peels naturally lift dull skin while infusing nourishing, cell-stimulating botanicals below — all with little-to-no discomfort or residual redness. Gentle yet thorough extractions follow peel application, as does a luxurious facial massage. Relax into glowing skin.

Z Peel Gentle yet incredibly effective, our Japanese mushroom enzyme mask dissolves away excess dead skin while stimulating blood flow and encouraging natural detoxification. Careful extractions follow, and then the application of a customized mask. Fatigued skin is given new life, and signs of age melt away.

Fusion A Swedish-based therapy combining the best-known therapeutic massage practices to provide an unparalleled hour of relaxation. Rhythmic massage movements are coupled with the use of powerful aromatherapy oils. Customize your massage with your choice of an uplifting, detoxifying, or relaxing herbal blend. Available as a couple’s massage in select locations.

Whatever your needs, this massage is built to improve flexibility, help prevent injuries, and prepare your mind and body for optimal performance.

Prenatal Massaging for two? Designed specifically for women in the second and third trimesters of pregnancy, this deeply soothing therapy works to improve circulation, reduce swelling in hands and feet, and release tension in the lower back, neck, and shoulders. (Note: Exhale does not perform massage in the first trimester.)

Shiatsu Finger and palm pressure, stretches, and other massage techniques come together to shiatsu you into a new state of wellbeing. This ancient therapy encourages the proper flow of Qi, or life energy, which in turn improves circulation, relieves stiff muscles, and alleviates stress. Guests should wear loose fitted and expect to change positions throughout the massage.

Craniosacral Relieve your headaches, stiff neck, and achy back pain with this unique healing body therapy. Through gentle pressure and small rhythmic pulses, this therapy will clear blockages around the spine, skull, and surrounding connective tissue to restore craniosacral rhythm. You will leave feeling alleviated, relaxed and tension-free.

Reflexology Rebalance with reflexology, an ancient healing technique. Pressure is applied to distinct reflex points on the body using specific thumb, finger, and hand techniques, with particular emphasis on the feet. The therapy releases energy and improves circulation, contributing to overall wellbeing. Reflex and relax!

MASSAGE

Melt away tension and leave deeply relaxed.

Flow Love a deep tissue massage, but hate the pain? Then our signature massage is just the answer. Amazing choreographed waves of kneading open locked muscles, free energy blockages, and relieve tension. This therapy incorporates more lymphatic drainage than a traditional deep tissue, resulting in greater detoxification and an enhanced boost to the immune system. Available as a couple’s massage in select locations.
Acupuncture* Needle your way to better health with acupuncture. This 5000-year old curative practice calls for the painless insertion of tiny pins into distinct points on the body. It benefits all disease, as well as emotional and spiritual imbalances. While a single acupuncture session can provide relief, results are cumulative and multiple visits are therefore recommended.

Acupuncture for Pain Relief* There’s 5000 years of power behind this pain relieving technique. Acupuncture is a time-tested tool that reduces pain and increases function, no matter what ails you. Pinpoint and effectively treat chronic or acute pain, sports injuries, sciatica, migraines, and more.

Get to the point with Acupuncture and reduce stress, strengthen immunity, calm the spirit, and enhance your ability to prosper in a sometimes stressful world.

You will feel lighter and energized throughout the day.

Acupuncture Massage* Two supremely restorative practices join forces to rebalance mind and body alike. Acupuncture points are chosen based on your specific needs. Needling is followed by a relaxing massage that boosts the results of the acupuncture. This therapy offers a great option for those looking to both improve wellbeing while enjoying real relaxation.

Cupping* Consider this needle-free therapy a reverse massage. Skin is lifted through suction, bringing blood to the surface and improving circulation. Cupping benefits the lungs, treats coughs and asthma, and combats pain in multiple areas of the body. Expect some painless discoloration on the skin.

Reiki A unique, healing therapy, Reiki restores the body to equilibrium through the transfer of beneficial energy.
